## Orders Done Right

Powered by iPro Healthcare

- Order Consistency
- Information Transparency
- Compliance with Decision Support
- Maximize Revenue Capture
- Minimize Order Confusion
- Electronic Forms

iOrder routes the requests to the **Hospital** HIS and related departments.

**Referring Physicians** initiate requests through their EMR. Requests are validated through iOrder.

iOrder synchronizes the generated results with the Hospital HIS and with the Referring Physician EMR.

iOrder has pre-existing relationships with over 40 EMR solution providers.
